COAT, VEST & SHIRT SIZING CHART

HOW TO MEASURE: Measure around your chest under the arms. For example, if your chest measures 42", we suggest to order a large.

SLEEVE LENGTH: For sleeve length, start from the center of the back of your neck at your spine, and measure across your shoulder and down to your wrist with your elbow slightly bent like you're escorting someone.

IF YOUR CHEST MEASURES	34"-36"	37"-40"	41"-44"	45"-48"	49"-52"	53"-56"	57"-60"	61"-64"
THEN WE RECOMMEND	SMALL	MEDIUM	LARGE	X-LARGE	2XL	3XL	4XL	5XL
SLEEVE LENGTH	33"-34"	34"-35"	35"-36"	36"-37"	37"-38"	38"-39"	39"-40"	40"-41"

Tip for Vests;
If you want to
wear your vest over
a coat, order one
size larger.

BIB SIZING CHART						
How to Measure - Waist: When wearing bibs, remember you wear them over your stomach. Most folks need them 2"-3" larger than the biggest part of their belly. For example, if your stomach measures 39" or 40" order a large.						
SMALL	MEDIUM	LARGE	X-LARGE	2XL	3XL	4XL
32"-34"	36"-38"	40"-42"	44"-46"	48"-50"	52"-54"	56"-58"
How to Measure - Inseam: When worn over pants, the crotch on bibs hangs lower than pants. Because of this, most folks need bibs shorter than their pants inseam length, so they don't drag on the ground. We recommend that you order them 2"-3" shorter.						
Inseam Available: 26", 28", 30", 32", 34"						
Although the bibs and chaps have a waterproof liner, the seams are not sealed. Therefore, they are not guaranteed to be 100% waterproof.						

SUPERIOR QUALITY

All of our bibs are briarproof and feature 24" heavy duty leg zippers, fly with snap closure, rivets on all stress points, button side fasteners, adjustable elastic shoulder straps with top quality metal fasteners and large chest pockets with snap closures.

315BR

DAN'S FROGLEGS

100%
WATER-
PROOF

HOW THEY'RE MADE

DAN'S FROGLEGS are constructed using an outer layer of stout material that is lined with very water repellent nylon to help stop any moisture that gets through the outer layer, plus they easily turn briars. The nylon goes all the way down to the lower ankle of the boot, providing the boots, and your legs with protection from sharp sticks and briars.

CHAPS ARE
SEWN &
SEALED TO
BOOT

The chaps are carefully made, then sewn and sealed to the boots of your choice. DAN'S FROGLEGS have adjustable straps that fasten to your belt with a 3/4" plastic buckle. Snaps are provided at the top of the chap and boot so they can be worn while folded down. Made in U.S.A. 🇺🇸

HOW TO MEASURE

To determine the size you need, measure over your jeans around the largest part of your leg at the upper thigh then add 2" or 3" to that measurement. For the inseam go 2" to 3" shorter than your normal inseam: We recommend 3" shorter. If you're between sizes, most folks choose the short length.

FROGLEG STANDARD SIZING CHART

BOOT SIZE	5-7	8-11	12-13
THIGH SIZE	25"	27"	29"
INSEAM LENGTH	27"	29"	29"

CUSTOM SIZES!

For \$15.00 extra, we will custom make Dan's Froglegs to sizes not listed, with the understanding that they are a custom made, one-of-a-kind order, and cannot be exchanged.

On all custom orders we need your actual inseam, thigh, and calf measurements.

Special orders are only available April - August, please also allow 2-4 weeks for custom tailoring.

CUSTOM SIZING AVAILABLE

LEG INSEAM LENGTH	LEG THICKNESS (THIGH SIZE)
Short 27", Medium 29", Long 32"	Small 25", Medium 27", Husky 29"

SPECIAL FEATURES

The chaps can be folded down and fastened to top of boot when not needed for protection. →

SIZING INSTRUCTIONS FOR FROGGER BIBS

- 1. Shoe Size;** Order your normal boot size, (whole sizes only)
- 2. Waist Size;** When wearing chest waders, remember you wear them over your stomach. Most folks need them 2" - 3" larger than the biggest part of their belly.
- 3. Inseam;** When worn over pants, the crotch on the chest waders hangs lower than pants. Because of this most folks need the waders 2" - 3" shorter than their pants.
